Walt Disney Television

Dear Harold,
This will probably be one of the last things you receive from me at Disney as my contract expires next week. At the present, I am unemployed, but I hope that situation will change shortly. In any case, there's an article on the play LIBRA(from the book). Sorry to hear that Michael Jackson has been non-responsive. It's unfortunate that the publishers didn't set some thing up to promote the book with a P.R. firm. They - certainly beat the drum for some of their other assassinatio books. Anyway, I will stay in touch and keep you informed on my situation. Best wishes.
